

## No more pain

You leave me  
OK, sail on, dear  
I won't be  
A teapot of tears

Remember  
We were so crazy  
Forever  
You'll be my baby

I will fly  
Over the rainbow  
Please don't cry  
I'm not a hero

*No more pain  
Onto the night train  
No more rain  
On the road again*

Happiness  
Coming back to me  
And I guess  
You smile already

Life goes on  
The run is open  
Marathon  
Once more has begun

Be careful  
It's such a wild world  
Play the fool  
But don't say 'The Word

*No more pain  
Onto the night train  
No more rain  
On the road again*

Bye bye love  
I won't forget you  
I can love  
Another one too

*No more pain  
Onto the night train  
No more rain  
On the road again*

Look at me, I'm still loving you  
I see your eyes by the window  
Overrunning the dark landscape  
Lightening the night with stars of blue  
They follow me like an UFO  
But time has come now to escape
